By direct cables via Lisbon.

Hamburg, 21st.—There is no decline in the epidemic. The cases are still numerous compared with the population; but the people are calmer, as relief is arriving from all parts of the empire. All the public services are kept up as usual.

Paris, 21st.—The epidemic is stationary, with some cases in the suburbs, the workmen's quarters and towns near Paris. The cholera is also stationary in Rouen, Havre, St. Petersburg, Rotterdam and Antwerp.

Berlin, 21st.—Two cholera patients have died in the Mohbi hospital, but the public health is good. It is prohibited to use the water from the Spree.

Vienna, 21st.—Precautions against cholera are being redoubled here. Some cases imported from Germany have occurred at Podgorze, Galitzia.

Dr. Brasche thinks that the cholera will be promptly stamped out in Graz, as the condition of the city does not favour its development.

Cherbourg, 21st.—It is denied that cholera has appeared here.

New York, 21st.—Fresh cases are reported in the ships in the Bay, and cases are known to have occurred in the city, although the authorities deny them. This has shaken public confidence.

Washington, 21st.—Mr. Curtis has been selected as Special Envoy to invite the Queen Regent of Spain and her family to preside at the opening of the Chicago Exhibition next year.

Paris, 21st.—According to published figures, the trade between France and Italy has decreased by 4000 millions of francs in the past four years. It is thought that this knowledge will bring about a renewal of commercial relations between the two countries.

Darmstadt, 21st.—Prince Henry of Hesse has married the actress Milly.

(Per Haca Agency.)

Paris, 21st.—Prince Victor Bonaparte has issued a manifesto in the *Figaro* advising his partisans to celebrate the centenary of the First Republic, as the Republic form of Government is the true expression of the people's will.

Brussels, 21st.—A meeting has been held here of French and Belgian workmen and it was resolved to make a delegation to persuade the workers of other nationalities to unite to promote their common interests.

Constantinople, 21st.—The Turkish Government is setting with great severity against the opponents of the Sultan. Two thousand theological students have been expelled from the schools, and several papers of this city shut up for their attacks on the government.

Paris, 21st.—A serious fight has taken place between the French under Colonel Dods and the Dahomeys. The latter were beaten with a loss of 1000 men. The French only lost five killed and fifteen wounded.

Lisbon, 21st.—Joao Chagas, who was arrested for his articles against the monarchy, has been exiled to-day to the coast of Africa on board a man-of-war.

There are, however, many among the readers and among the Argentine community who feel that the cholera might be done for "stomachs." What is to prevent every parish in Buenos Ayres from having a "garçon" or "corral" with wooden benches under the Commisary's supervision, where a loaf of bread and a night's lodging would be provided gratis for all comers? The cost would be trifling. Look at the Night-refuge for Newspaper-boys in Calle Balaban, which is working admirably and is maintained by a small monthly subscription from the various newspaper offices of the city.

Some time ago there was a flourish of trumpets about a Bala Hospital, but hospitals are not properly a matter for Municipal care. Since then the Bala Hospital has been handed over to the reserve fund for the purchase of a war-vessel. Would it be better to establish a Night Refuge for "stomachs," at a cost of barely 200 shillings a month?

THE CLYDE MAILS.

7 DAYS LATER.

London, August 27

The result of the Newcastle election was declared yesterday shortly after noon. The figures were: Mr. John Morley, 12,983; Mr. Ralli, 12,444. Liberal majority, 1,739. At the general election in July the Conservative candidate had a majority of 5,918. Speaking at the Liberal club after the declaration, Mr. Morley said that Newcastle was returning to its old proud place as the head of British Radicalism. Mr. Morley left the Edinburgh express in the evening, and it is assumed that he will spend a brief holiday in Scotland.

Resolutions dealing with the question of Disestablishment in Wales were passed at the House of Commons on Wednesday, 26th inst. The resolutions were: That the Welsh Parliamentary party had decided to give their hearty support to the Irish policy of the Liberal Government; and that the Welsh Parliamentary party had decided to give their hearty support to the Irish policy of the Liberal Government.

Deaths in the whole of Russia. The epidemic has been reported to not be Asiatic cholera, but there were 48 cases, 21 of them fatal, on Thursday. Yesterday the disease was said to be abating. Great relief has been experienced generally on the Continent from the intense heat which has for some time prevailed in Berlin and Vienna cool rains fell at intervals yesterday, and the temperature went down considerably. Similar reports have been received from other centres. A telegram from Bombay states that the rising in Afghanistan has spread to the Province of Khatol.

Shocks of earthquake were felt throughout the greater part of England yesterday morning. The first shock was of seven in number, and at places were sufficiently strong to shake furniture in the houses. No damage is reported.

According to a statement received in New York from Trinidad, the Government General Urdaneta has declared himself Dictator, and formed a Cabinet. Congress has been dissolved and several senators arrested. The banks in the country are closed.

Good news is to hand of Baron Hirsch's Jewish colony in North-West Canada. Baron Hirsch's representatives, Messrs. Vinberg and Fremantle, have returned from a visit to the colony, which is on the shores of the Canadian Pacific Railway, and report that the project is now "an assured success," and that every man has been found perfectly ready to work the land.
